

INSTRUCTIONS FOR COMPLETING AND FILING

Conifer Solid Wood Packing Material to the People's Republic of China

PPQ FORM 553 (AUG 2000)

TO BE COMPLETED BY EXPORTER OR EXPORTERS OFFICIAL REPRESENTATIVE

Block

1. Provide the complete name and mailing address of the exporter of record. Only U.S. addresses will be accepted.
2. Provide the complete name and physical address of the ultimate consignee of record. Only Chinese or Hong Kong addresses will be accepted. Hong Kong addresses are acceptable if the U.S. exporter indicates that the materials exported to Hong Kong will be reshipped to other regions of China by the Hong Kong consignee.
3. Sign the document attesting to the accuracy of the heat treatment, certifying that the treatment was performed and documented. Documentation of heat treatment must be retained by the exporter and made available for official review (if required) for one (1) year after date of issuance.

4. Provide a complete description of the shipment including quantity, weight, and description of goods. The description should also include the number of conifer solid wood packing materials included in the shipment, e.g., 52 conifer pallets with 240 cardboard cartons of auto spare parts of 2 conifer crates containing turbine assemblies, etc.

A completed original and one (1) copy of this certificate should be delivered to the closest USDA-PPQ or USDA-PPQ cooperator office for endorsement. Exporters are encouraged to have their Certificate of Heat Treatment endorsed by USDA officials as close to the initial point of shipment as possible. To avoid potential delays, exporters should not wait to have their certificates endorsed at the final U.S. port of departure.
